Newly independent readers and Pilkey fans alike will not be disappointed by the humorous ride." -- School Library Journal"Aimed at a younger audience than the wildly popular Captain Underpants books, this series... has all the classic Pilkey hallmarks: comic book panels, superhero action, and flip-o-rama." -- Booklist

Bought the first seven books in paperback. The papers fell apart soon afterward. This time we got in hardcover.It seen to be stronger binding than the other books.After almost two months, the book was read almost every night and it was still in good condition. Spend extra money it will be worthy if you have little one that likes to help turn the pages.

Started the series in kindergarten, and very happy to receive the newest installment. We preordered it. Any book that my son tears out of my hands upon delivery to read (and I can hear is continuing to read out loud in his room after bedtime) gets 5 stars from me. Worth the wait!

We have been reading this series out loud at bedtime. I think these books would also be good for kids who are just starting chapter books. My son said we should give it 45 stars.

I purchased 3 of these paperbacks for my library. Within an hour of checkout, ALL THREE came back with the pages falling out. I would have taped them in but without page numbers it was too difficult. The spine does not have an area to use book glue either. Worse than that is that I cannot return them since it’s over 30 days. I just wasn’t able to get them on the shelf for the first few weeks. :(

At long last this book is finally published. My boys are almost too old for this series but they still loved the book and were so happy to see it finally printed.

LOVE the Ricky Ricotta books for my son as well as my elementary classroom! However, the binding on these books is not holding up even for a week! My students were SO EXCITED when the pre-ordered books came in last week and then right away the pages started falling out. We are looking forward to the next issue coming out in a couple of weeks as well and we hope they have a better binding.

It was hard to rate this entire series because as a story, my students would rate it as a '5-star' but the binding is rotten, '1-star' at best. The books all fell apart within a week. I teach 1-2 multiage so my learners are 6-7 years old and know how to properly handle books. Unfortunately the pages would fall out while reading. Grr.

Our 8 year old LOVES the Mighty Robot series! Our only problem is the binding- the books tend to fall apart, a page slips out...then another...then you have a frustrated 8 year old. We have the entire series and it has happened with nearly every book. BUT, we LOVE the stories!
