Customer Reviews

Good read. Read the whole book before putting down.

A young lady raised in an orphanage was sent to a wealthy Family home to be a Schuller maid and picked on by the others there, she contacted a marriage broker who had received an advertisement for a Bride from a farmer with children. The man had been expecting someone to work along side him, but was having feelings for her when he saw her picture. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters. Loved this book.

The marriage in this Mail Order Bride story is probably how I think most marriages really happened. Love wasn't an instant emotion but something that developed over time. Great story. 5
