# Gray Areas: Finding Truth When Life Isn't Black And White - Member Book

## Synopsis

We live in a world of infinite possibilities, even when we're addressing important moral and ethical issues. For some questions, there just don't seem to be right or wrong answers. Worse, in other situations, there seem to be several right answers. Not only do good people disagree, REALLY good people REALLY disagree. A lot of the issues we face don't have a direct Scriptural response and Gray Areas seeks to address some of these issues and give us guidance on how to address more of these issues throughout life. (7 sessions) Topics: Is There Truth I Can Trust (In our quest for truth, how do we understand God's love?) Honor Code (Reclaiming the often overlooked aspect of our pursuit for truth.) Addiction (God's will is that you not live beholden to anything but Him.) Dating (Turning to God in a sex-crazed culture.) Divorce (What happens when a marriage breaks?) Sexual Identity (Can I be gay and a Christian?) Living in the Land of Shadows. (We no longer live in a Christian nation.) Author: Mike Glenn serves as Senior Pastor of Brentwood Baptist. Since 1991, membership has skyrocketed from 900 to more than 8,500. Known as a gifted communicator with a unique ability to speak into any generation, his passion is reaching young adults.

## Customer Reviews

Mike Glenn is the senior pastor of Brentwood Baptist Church just outside Nashville, Tennessee, where he also leads Kairos, a popular weekly worship gathering of young adults. He holds degrees from the University of Alabama (B.A.) and Southern Baptist Theological Seminary (M.Div., D.Min.).

Excellent and very graceful in his approach to sensitive subjects. I used this material to teach a weekly Internet Bible Study.

Good reading.

Yes, it meet my expectations

Bought for a friend who loves reading books by this author.

I'm a college minister that writes the majority of our ministry's bible study material. Many times I will use books or other bible studies to construct lessons or series. I've read some bible studies that seem like they're written about college student problems but written on a child's reading and comprehension level. "Gray Areas" is not that! This book tackles some of the more difficult and controversial tropics that the church is facing right now. The author seems very knowledgeable about current young-adult trends when he writes, and he doesn't use too much "Christianese" (empty Christian speak). While the book starts out slow, it picks up in Section 3 when it starts talking about Addiction. The content remains engaging until the very end of the book. I would recommend this to any other college minister, young adult ministry, or 18-30 year old with questions about Christianity and today's society. Below is a list of more specific PROS and CONS. PROS: +Relates to its audience +Challenging for its readers +Very "to the point" concerning its content +Not too long or too short +Lots of engaging, discussion questions CONS- Starts out slow in sections 1 and 2- Could discuss more issues in detail (Addiction, Sexual Identity)- Sometimes additional scripture relates just slightly
