High School 101: Freshman Survival Guide

Synopsis

Written by sophomores at McIntosh High School in Peachtree City, Georgia, this book is a **MUST READ** for kids leaving middle school, high-school freshmen, and parents of today's high-schooler. Chock full of humorous tips, practical advice, and serious anecdotes about subjects as diverse as depression, dating, and study habits, this "view from the inside" can prepare the rising high school student for today's challenges in a way no other book can. Perfect as a middle school graduation or back-to-school gift!

Customer Reviews

This book was a project of the honors English program at McIntosh High School under the supervision of Dawn Burnette, Fayette County, Georgia's Teacher of the Year for 2005.

The book was over priced and needs to be updated!!! I would recommend you check around for similar books because the book did not give as much helpful info as I thought it would.

My teenage son wasn't very interested and normally he loves to read. One star as not very helpful. Not something I would recommend.

HgThis book has the novelty of being written by High School Sophmores,(I believe Dawn Burnette was their teacher), the information will help ttrn hdt. us as parents understand what kind of issues are relevant today. There is a great balance of humor, but serious issues lke peer pressure,

depression, are handled the way I want my children to handle them. I can't recommend this book highly enough. Besides, how many books have you read that have 60 10th grade authors?

This book is the best guide i have ever found for a middle-schooler about to enter high school!!! This book is soooo cool!!! It has cartoons and stories and quizzes and a TON of different books and websites that have even more information!!! i love this book becuae it is funny, but it is serious too- it has everything anyone needs to know about what to expect in high school!!! I know i am going to be the most prepared student in my class becuae of this book! everyone should own a copy!!! I LOVE THIS BOOK!!!!!!!!!!!!!!!

I just recieved a copy of this book, and I am soon going to have my son read it (he is an upcoming freshman). It helps me to know that he is reading about the "tough stuff," and that he is learning that he won't be the only one that feels all the things that an new freshman does. The sophomores that wrote this book must be very talented and I hope that they earn the respect they deserve for all their hard work!

I work in a Ninth Grade Academy. We have this book on our shelves. It is a fantastic book for Freshman. It is engaging and on their "level". But...Can someone tell me why the price on this book is so high? I can't seem to find any information on the reason for the increase.
