Elena Shumilova's atmospheric photographs show a special bond between her sons

Yaroslav and Vanya and their animals, on the family farm in rural Russia. Her images are deliberately dreamlike and highly evocative, capturing the bond between her young sons and their animal playmates. The Russian mother took up photography in 2012 and currently uses a Canon 5D Mark II and Canon 135mm lens.

These are the finest quality note cards (and packaging) I have ever seen. I bought these for my young grandson but I just couldn't give them up. Guess I'll have to make another purchase! They are beautiful and the box will have a long life with or without the note cards.

Very sweet cards, I'm going to get another box of these.

Bright and Fun!

Outstanding photography of children and animals. I hope more sets become available.
