Agents Of The Apocalypse: A Riveting Look At The Key Players Of The End Times

Synopsis

Who Will Usher in Earth's Final Days? Are we living in the end times? Is it possible that the players depicted in the book of Revelation could be out in force today? And if they are, would you know how to recognize them? In *Agents of the Apocalypse*, noted prophecy expert Dr. David Jeremiah does what no prophecy expert has done before. He explores the book of Revelation through the lens of its major players—the exiled, the martyrs, the elders, the victor, the king, the judge, the 144,000, the witnesses, the false prophet, and the beast. One by one, Dr. Jeremiah delves into their individual personalities and motives, and the role that each plays in biblical prophecy. Then he provides readers with the critical clues and information needed to recognize their presence and power in the world today. The stage is set, and the curtain is about to rise on Earth's final act. Will you be ready? Complete and unabridged.

From the inside flap: FROM CHAPTER 7 . . . "Archbishop Detherow," Martin said, "I'm sure everyone in our network audience knows about all you've accomplished in your illustrious career, but let me summarize. You were originally the pastor of an evangelical megachurch, and you gained a wide following with your uncommon desire to unify people of all faiths. And then, after building your church into the largest religious gathering in the world, you left your pastorate at the peak of your success. Can you tell us why?" "I left my congregation because it became clear that God was calling me to a much broader ministry--one that reaches out to people of other faiths as well." "By 'other faiths, ' I presume you mean all Christian denominations," Martin said. "Yes, I do mean

Christians of any stripe," the pastor replied. "But God is calling me to reach out even further. He has revealed to me that all people who worship a higher power are actually worshiping Him, whether they know it or not." "Are you saying that Hindus, Buddhists, Muslims, and Christians all worship the same God?" Detherow beamed. "God is so big, so universal, so inscrutable, that no one should presume to understand the ways He reveals Himself. At heart, the paths to God are one and the same. The goal is to bring us into the universal oneness of all being." "Pastor, what is your ultimate hope as archbishop of the United Council of World Religions?" "My hope is, with God's help, to bring about unity among all religions. Christ Himself called His church to an undivided oneness. This is what I dream of fostering." "In other words," Martin said, "you hope to achieve a one-world religion." . . . --This text refers to an out of print or unavailable edition of this title.

Who will usher in earth's final days? Are we living in the end times? What if the players depicted in the book of Revelation were out in force today? And if they were, would you know how to recognize them? In *Agents of the Apocalypse*, noted prophecy expert Dr. David Jeremiah does what no Bible teacher has done before. He explores the book of Revelation through the lens of its major players: the exile, the martyrs, the 144,000, the two witnesses, the dragon, the beast from the earth, the beast from the sea, the Victor, the King, and the Judge. Skillfully crafted to engage both the heart and the mind, each chapter opens with an engaging, biblically based dramatization that brings prophecies to life as never before. As Dr. Jeremiah presents these agents in the context of their unique times and places in the end times, he weaves a rich tapestry of the temperaments, motives, and conspiracies that Scripture tells us will precipitate earth's final days. Then, in each chapter, Dr. Jeremiah provides a detailed study called "The Scripture behind the Story," which explores some of Revelation's most cryptic passages, explaining how to interpret them and most important how they apply to the malevolent forces at play in the world today. The stage is set, and the curtain is about to rise on earth's final act. Will you be ready? Alternating the chapters with the story then the Scripture to back it up was brilliant. I'd say that it captured my imagination but it was more than that - my heart was captured more than my imagination. This book fills me with both hope and heartache. Hope that this life, no matter how bad it may get, is not the end. Heartache that so many of those I love are choosing this world instead of Jesus. My mind cannot grasp eternity, especially for those whose names are not found in the Book of Life. The question now is, am I motivated enough to boldly share the Good News. My one disappointment is that Dr. Jeremiah didn't write the chapters covering the end of the Millennial Reign when Satan is released once more. This is a must-read for every Christ Follower.

For the last twenty-years, there has been a slew of "apocalypse" or "end of times" fiction & non-fiction books being published. I have read a few of these books, including the Left Behind series. You don't have to be a believer to become interested in the book of Revelation, as I know a few non-believers that have read a few books on the "end of times." Released last week to bookstores is Agents of the Apocalypse by Dr. David Jeremiah. It isn't his first book based on Revelation, but it is his first "end times" book that uses fictionalized stories "to drive the message of Revelation into the human heart." The author received assistance from Thomas Williams with the ten fictional stories - The Exile, The Martyrs, The 144,000, The Two Witnesses, The Dragon, The Beast from the Sea, The Beast from the Earth, The Victor, The King and The Judge. Each chapter is divided into two sections - the fictional story followed by "The Scripture Behind The Story." With

the use of fictional stories, the author is able to explain the main events that occurred in the Bible to believers and non-believers alike. This is also a great way to explain the meaning behind scriptures and tell the stories that contains the biblical prophecy. With all the tabloids, cable news and news blogs, a person looking for real facts on the apocalypse will be really confused with all the misinterpretation of the Bible. Dr. David Jeremiah cleverly puts together an unique book that explains how the apocalypse was told in the scriptures. I have read a few other biblical prophecy non-fiction titles, but each book was based on the authors' point-of-views of what the apocalypse means to them. Overall, Agents of the Apocalypse is one of the better books written on the subject, which gives the truth to the readers.*Disclaimer - I received a complimentary copy in exchange for my honest review. All opinions are my own.

Nicely written.. Reading and learning from The Bible about what inevitable awaits us all can be hard to understand. The way Jeremiah connects the events leading up to Christ return with a story to make the reader better understand, has made me better understand the end of times. Thank you God for giving us your son, my savior . . . Jesus Christ. Very uplifting book. Especially if you are saved in the blood of Christ. Then again--It is sad as well...~Danny/Hornbeck,LA~

Each chapter includes a "real life" application story to help the reader understand how the end times might play out and if followed by a Biblical review and explanation. I would definitely recommend to anyone wanting to learn more about how Revelation prophesy might play out.

I really enjoyed this book!! Each chapter began with a fictional illustration. The second part of each chapter showed the scripture from which the illustration came. Yes, all of the major events leading up to the second coming of Jesus Christ were included, however the focus of each chapter was on one of the agents (the people involved), The first chapter focused on John, the disciple, his exile and his vision. A chapter focused on the two witnesses, some of the other focuses were: the anti-christ, the false prophet and of course there was major focus on Jesus Christ, our Lord and Savior who of course is the final victor and the King of Kings and Lord of Lords!

I typically don't read or care for fiction books but I enjoyed the way Dr Jeremiah build a story in each chapter. This gave a glimpsing what the end times might look like. This allowed a simple way of helping understand the scripture. The second half of each chapter explained the story with scripture from God's word. I enjoyed this format as I have been reading and trying to understand Revelation.

This helped in my understanding of the end times and what it might look like.

its okay..but i would prefer not a story like left behind, with the Rapture theory which is NOT in the Bible anywhere

Dr. Jeremiah, always does a good job! He is able to express things in a way that makes the Bible study easy to understand. Good tools.
