Customer Reviews

This book is great for pastors, associate pastors, volunteers, and church members. Basically what I am saying is that everyone in the church can benefit from reading this! Leaders can glean from the wisdom in this book to become better, more effective leaders. Followers can attain a better understanding of how to better serve.

Why do I need to type so many words in this block just to say that it is a good product. CHANGE THIS.

Great book - teaches on great principles to being a supporter of not only your pastor but your church. Touched on and teaches us how to be good servants - we must serve before we can be served to. Great book - I won't tell it all. Be a strong backbone for your church family and Pastor. When you say you are going to do something - Do it. Be responsible !

Great book for class!!!

Very insightful . Good for those that have it in their heart to be of service to the body of Christ

I highly recommend this book, this book is full of valuable information that everyone should know. Everybody has the ability to be an asset to their pastor in this book tells you how. I have read other books on this subject and I feel this book exceeds them all, if your called to the ministry this is a must read book.

This book is lengthy but good and details every area ministers need to be strong in in order to be a great help to the ministry.

This book is well written and concise. Gets you going in the right direction and helps you to not lose hope
