George M. Cole, PhD, PE, PLS, is a practicing surveyor whose assignments have ranged from surveying remote areas of the Arctic to participating in the first worldwide satellite geodesy program. He holds a bachelor of science degree from Tulane University and a master of science degree and doctorate from Florida State University. In addition to authoring PPIÃ¢ –â„¢s Fundamentals of Surveying Practice Exam and the Principles and Practice of Surveying Practice Exam, Dr. Cole has contributed articles to Point of Beginning magazine and published a guide to the legal and technical aspects of water boundaries. He has recently served as a visiting professor of surveying at the University of Puerto Rico and currently teaches at Florida State University.

Hard to find a better resource for studying for the FS and PS Exams. Pricey but what's your time worth?

This book is full of useful info. Each chapter is very detailed and offers several examples of each topic. Great reference for the SIT.

Used this for the CA PE Surveying Exam; great reference!

Exactly what I wanted!

Really helpful. Highly recommended :)

Must have for the FS and PS exams. Easy to read and detail solutions to common problems.

Great book for review information!

I know many SITs and Texas RPLSs that have used this book, and prior editions, to pass their exams. (Other knowledge and material is required for PLS or RPLS exams)! Find me on Linked in (Darrell Ellis)!
