From Ashes (Heathens Ink Book 3)

Synopsis

“When the broken man with scarred skin walked into Heathens, asked for a job, and showed me a sketch of a phoenix, it felt like fate.” ~ Adam

It started with an anonymous post by someone who didn't want to live anymore. I read it over and over again, unable to get it out of my mind. What if my brother Johnny had posted something like this before he'd taken his own life? Would someone have been able to save him? I've been living a lie for 16 long years and I'm not sure how much longer I'll be able to keep it up. And when a beautiful, broken man walks into my tattoo shop asking for a second chance at life, I know I'll never be able to turn him away.

“When I was so far down I couldn't even see the light, a stranger reached in to save me.” ~ Nox

I didn't have anything to live for, until a kind stranger pulled me back from the brink. With physical and emotional scars I have nowhere to turn now but to that same stranger who saved my life without realizing it. But as my feelings for Adam grow, will I ever be anything other than a surrogate for the brother he couldn't save? Am I even worthy of his love?”

From Ashes is the third book in the Heathens Ink series, each book in the series CAN be read as a standalone. CAUTION: this book contains graphic descriptions of domestic violence and drug use that may be disturbing to some readers.

Customer Reviews

From Ashes, is the third book in the A Heathens Ink series by K.M.Neuhold! It's no surprise that this book contains such a beautiful story! It's well written, as all of Neuhold's books are. The storyline is both heartbreaking and heartwarming! "You are the phoenix. You're a bird born out of fire, never destroyed, only ever becoming stronger." From Ashes, is about Adam. He is the owner of the Heathens Ink, a tattoo shop. He works with his best friend, a childhood friend, Gage, and they both struggle with the loss of Johnny, Adam's little brother. But then Nox, short for Lennox, walks in. A feeling of kindred souls and a strong chemistry are between them from day one! Nox, has a very troubling past. Which makes him feel self-conscious and inadequate with Adam. But Adam, the kindest man ever, sees only an amazing and a strong man in Nox. But, is it enough? "I feel like our scars are like a roadmap of our lives, and a tattoo is a beautiful scar." And it was really nice reading about the characters from the previous books! And can't wait till the next one!!! Thank the author for providing a copy to voluntarily review.

I love the Heathens Ink crew more and more with every book. I absolutely adore Adam and Nox. They are so sweet together, and sexy too! I was hooked from the first page with messages between Adam and "Phoenix" and couldn't put it down until the end. My heart broke for both of them several times throughout the book, for Adam and his pain over Johnny; and for Nox and his situation with Harrison as well as the way he views himself as unworthy. I wanted to wrap Nox up in bubble wrap to protect him from everything! I also enjoyed getting glimpses of the the MCs from the previous two books, and I cannot wait for Gage, Dani, and Owen to get their HEAs! This book can be read as a standalone but I highly recommend starting from the beginning with Rescue Me and then Going Commando. The whole series is amazing and I'm already counting down to the Gage's book!

I loved the characters, I loved the story line, and absolutely everything about this book. I am so bummed that I finished it because I'm going to have the worse book hangover ever! Lol. Adam and Nox were so freaking sweet together. They were both a little flawed and each had their own little demons to overcome, but that just made me like them and connect with them even more. They made a beautiful and perfect match. This book made me laugh out loud, and cry and I just have so much love for these characters. KM Neuhold is one of my all-time favorite authors, and

she did not disappoint with this one. It hit me in the feels, and I loved every single second of it... so much so that I could even go back and reread it right now!! I received a copy from the author and voluntarily reviewed this book.

This beautifully written story touches on so many important topics: addiction, suicide, and domestic violence, to name a few. And yet, it is wrapped up in humor and hope. Although parts of the story are heavy, and were somewhat triggering for me, Neuhold managed to focus on the beautiful strength within her characters. Each scar, both physical and emotional, is an illustration of their lives. *From Ashes* is an incredible addition to this series. Adam and Nox are perfect for each other, complimenting the positive and negative aspects in each person's identity to form the strongest bond. Also, thanks to Adam (and Neuhold), I am now addicted to anti-jokes!!! If you can't tell by now, I HIGHLY recommend this book!

A wonderful story of triumph over fears and addictions. After losing his younger brother, Adam is doing all he can to help others in the same lost feeling as his brother was in. Nox, stuck in the same hell every day, ruled by his abusive boyfriend and the momentary release drugs gave him. Nearly dying was what he needed to get his butt in gear and get the help he wanted. Soon after, Nox hunts down Adam, the only one who reached out to him. *From Ashes* quickly became my second favorite *Heaven Ink*. (no one could ever take royal's first place) Adam and Nox are perfect for each other and their story beautiful. Highly recommend you read the whole series if you haven't already.

I'm so glad Adam got his HEA!! I love Adam and Nox so SO much. Having experienced first hand the toll addiction has on a loved one, this hit me right in the feels. This story is the true testament that no matter how dark and how long, there is always a light at the end of the tunnel. Throughout the book you experience the sadness that both characters carry with them, each having experienced first hand pain and loss... BUT that pain is what I think binds them together so perfectly. Nox is probably one of my favorite characters of the *HI* series. He is sweet and beautifully broken but you get to see how strong of a person he really is. Strength comes from overcoming the things you once thought you couldn't, and Nox is unbelievably strong. Even after being hurt so badly, he refused to let the fear of possibly getting hurt again stop him from pursuing what made him happy!! I'm so glad they found each other! I loved everything about this book!! I highly recommend it!! Can't wait for the next in this series!! XO

I really liked Adam in the previous books. He always seemed to be the strong and caring father figure. In this story we get to see the insecurities he has and it makes me like him more. Nox is a great character as well and seeing Adam and Nox find their way was a great ride. But the next book I'm really looking forward to, Gage caught my interest from the first book and can't wait to see him get his happy ever after.
