Customer Reviews

I was greatly disappointed in the features and content of this book. I was expecting a guide to have reviews describing the places, like what makes them worth visiting and at the very least maps showing where to find them. There was no enticement to be drawn to any of them and only contained the address & phone number and a vague price range. This should be described as a directory, not a guide by any stretch of the imagination. It certainly must have taken some time for them to accumulate all of these places, but now it will take considerable time for me as the reader to research them myself online. Not worth the trouble.
