Customer Reviews

This guidebook was crucial to my few days in Brussels. I used this compact and user-friendly book to plan my trip. I found all the information accurate and interesting. All the highlights, and some quirky sights, were covered. Most importantly, its portable size and built-in maps made finding my way around so easy. However, as a disclaimer, it is the Best of Brussels. If you are looking for an in-depth book, this one isn't for you.
