Star Book For Ministers (Star Books)

Synopsis

The answer to this question is in the many changes that have come in the work of the church and of the minister during the past century. Observe, for instance, some of the differences between the author's day and ours:.

Customer Reviews

This book should NOT even be available. Looks like no one proofed this before it was released. Countless words have been misspelled and the table of contents is almost like not having one at all. This is by far the worst book that I have gotten on Kindle. I'm still trying to figure out how to get my 0.99 back. It's not even worth that much. I wish I never made the purchase...

It covers all areas of ministry - great reference book

The and it's content is great. The layout is what sucks in the Kindle version. The chapters page is

missing so I don't know what's in which chapter.

This book was deliver to my Kindle. There is not a single page that isn't corrupted. Table of contents is missing. Words are jumbled. Formatting confused. I have several great books in my Kindle library, some of them are free. This electronic version should not be offered.

Not that I don't like the content of the book, but the digital/kindle edition is awful. It looks like some must converted a pdf scan to text and there are errors and weird symbols everywhere.

It needs to post a little more clearer that this is a Kindle book instead of a hard copy, and that a hard copy is more money!!!

Very handy book to have - this is my third copy (the others having worn out). Scripture passages are all KJV and ceremonial orders are all archaically worded but they provide a framework and an experienced minister can take it from there. The leather binding is considerably more durable than the hard binding.

Great resource, but it has tons of typos. The Kindle version needs to be reviewed and corrected.
