Customer Reviews

My wife and I like to have a book that we can read to each other alternately every night, and The Book of Unusual Knowledge fits the bill nicely. We haven't gotten very far in it, but what we've read about movies and Hollywood has been stuff we didn't already know. It's well written and fun so far. Also, we love the look and feel of the book; it has great physical presence.

If you enjoy reading about different & unusual things, then you will enjoy this book.

This is such a great book full of things you would never think of.
