Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of South America.

The Copenhagen City Map was useful to get acquainted with the city I was going to visit showing parks, transportation, roads, museums, city buildings and waterfront. Metro transportation is shown as a separate diagram and with routes and stops on the main maps. Although it didn't show the street in the suburb I was visiting, I was able to figure out where it would be just off the map. The map coloring helped to find sites easily and the indexing was thorough for all of the streets covered by the map.
