Customer Reviews

"celebrates the whimsical world of the fashionably chic by imagining their dwellings and interior design aesthetic" Megan Hess's greatest strength as an artist is not only her sense of humor and whimsy but her quiet and assured optimism that an intensely colored life is beautiful if we allow ourselves to see it that way. ~Ninatchka"Ms. Hess has injected a

fair amount of wit and insight into the subject as well as quite a bit of tongue in cheek humor. She has managed to extract quotes by many of those already in the rarefied side of the business of fashion as well as authors and other notable skirting the edge...Put it on your coffee table while your summer guests await that freshly squeezed lemonade. It's tart but sweet." ~New York Journal of Books

"This whimsical collection of beautifully illustrated interiors is a departure from the standard design coffee table book . . . Fashion House" celebrates both designers and style, and helps us look at the interior design process in a new way."
