Experience Music, With 3 Audio CDs

Synopsis

More Music, a better experience. Experience Music is an innovative program that best meets the fundamental challenges of the music appreciation course. Through its thoughtful listening structure in which students experience one musical piece three times within each chapter, students develop stronger listening skills. More music means 3 CDs with all of the "featured listening" selections accompany each new text. And, more music means Connect Music, a new digital solution that streams all of the program's selections within animated listening guides that can be paired with unique, assignable interactivities. Combined, these elements help students develop a deeper understanding that will prepare them for a lifetime of musical experiences.

Customer Reviews

Katherine Charlton Calkins teaches in the music department at Mt. San Antonio College where she spent eight years on the all-college general education committee and then served as chair of the music department for the following ten years. During a yearlong sabbatical in 2007-2008 she studied women composers and compiled biographies, recordings, and listening guides, which she made available to her colleagues to help them add more women to their music appreciation and history classes. As a performer, she has a degree in classical guitar from California State University at Fullerton. She toured in Southern France and Tuscany, playing lute with an early music group led by her late, first husband Andrew Charlton and his friend Gloria Ramsey, both well known in the field of early music. Calkins also played percussion and toured in Japan with the CSUF Wind Ensemble. She got her M.A. in music history and has continued with further graduate study in that

same field. As a teacher, she started the guitar program at Mt. San Antonio College, where she continues to teach music history, music appreciation, and history of rock music. Her first book, *Rock Music Styles: A History*, is now out in its sixth edition, published by McGraw-Hill Higher Education. *Experience Music* is her second book.

BEWARE: This book will not work in Windows 8 Kindle reader! It will not allow being sent to the device from the drop down list of readers I have. And even though it shows in my Windows 8 Kindle reader it shows the message "Title Not Available This title is not available on Kindle for Windows 8." when clicking it and trying to open it. I have another College text book and it will not load on Windows 8 either. It works in Windows 7 and on a Nexus 7 Android tablet just fine

There was only one CD, the third one, but not the other two. No point in renting a book that says it includes three CD's and only delivers one. Now I'll have to buy the other two for my music appreciation class.

Although this has been the most boring class I've taken to date, the book was full of good information and I passed my class with 99%. The book was in good shape and had the CDs in the back, which has been a problem with other sellers in the past. Nice work!

It didn't come with the CDs and the receipt of return it says that it did. So keep an eye on that.

Rented the book for music appreciation and the book was fine, had some wear and tear but did not even come with ANY CDs. False advertising.

This item was purchased new from but came without the special code needed to take tests and quizzes online. My son called the publisher, McGraw Hill, who said the code should have been inside the front cover. It wasn't. We had to pay another \$50 to McGraw Hill to purchase a valid code so my son could go online to take the tests and quizzes. I feel that owes us a \$50 refund - the cost of the code!!! This was a deceptive ripoff.

Book was in great shape. CDs were included and were in great condition as well

it contained the CDs. the back of covers was a little bit worn. it didn't have highlighting/notes. I like it.
