Learning To Love (Yasmin Peace Series: Book Four)

Synopsis

Yasmin Peace has been through a lot in the last year. After losing their oldest brother and son, Yasmin, her brothers and mother lose their apartment in a fire. As if that was not enough, Yasmin's grandmother is diagnosed with Alzheimers. Through all of these seemingly bad situations, Yasmin does not lose hope that things will get better. As she heads off to high school, that hope pays off and things are finally starting to look up. She has three great friends, her father is out of jail and finally, the drama is behind her. At least that's what Yasmin thinks. She has yet to learn the lessons of love as she finds out that loving those who are the closest to her is not always an easy thing to do.

Granddaughter loves to read and love the book

Very good book for developing African teens. This is a great series of book and a must read for

developing teens

Great book. We had our church youth group to read the Yasmine Peace Series and they all loved it. They are wondering when will book six be coming out.

Stephanie Moore has done it again. She has captured the issues that struggling families have to deal with everyday. The book should be read with pre-teens and teens and followed by a family discussion. There is much to be learned from Yasmin Peace and her family as they genuinely learn to love their neighbors and each other.

My 11 year old daughter loves this Author and this next level series...condition was good.

This book is about her life with siblings mother and father in and out of jail cool book you'll love it
