Customer Reviews

I get to keep reading the further adventures of Randy, Jewel and Clay. Plus now we have added Gene the Genie and Wilma the sex goddess into the friendship mix. Along with Hunky magic popping up here and there. I like this author's books. Gotta read the next one.

Hinky Chicago has a lot of hinky going on. At the end is THE BEST love scene of all time. I didn't

want to bury the lead. Clay has Wilma. his sex Goddess who is sharing his body. Jewel has Randy and her shrink tells her she is literally love sick. Then there is Roller Derby! Jewel has to and Randy says no, who wins? No fair you knew the answer. The Genie is loose, again. Jennifer was nice enough to give me a copy of this book. This is an honest review.

This series is getting better and better!! It still has its humor and quirkiness but seems to be delving more into relationships and into mysteries and it's really great!! I loved this book so much I just had to reread some of it because I didn't want it to end :(I can't wait for the next book!!

Excellent! This book continues where the Hinky Bearskin Rug ends. Jewel and Randy are in love but there are huge control issues which have to be worked out between them. It takes their relationship to a new level. Clay and Wilma have a lot to work out and Wilma's past plays a big part in it. The genie reappears and lots of interesting story lines will be followed. I love reading this series and look forward to the next book of Hinky adventures!

And the hijinks continue! The fourth book in the series is just as good as the first. I love the way Ms. Stevenson took characters from the previous stories and wove this tale around them. Can't wait for the next one. I voluntarily reviewed an advance copy of this book.

Again I loved this book in the Hinky Chicago series. Jewel and her cohorts get into all types of trouble but I can't get enough of them. Great story, I can't wait to read the next book. I was given a copy of this book in exchange for my review.

Once again my mind is blown by the way-out imagination of Jennifer Stevenson. She writes some of the hottest, weirdest sex scenes in all my many years of experience while, at the same time, bringing intelligence, an outstanding feel for language, and a highly developed sense of humor to her work. Can't say enough good about this. If there were ten stars to give, I would give them all.
