# Guide To Medical Billing (3rd Edition)

## **Synopsis**

This unique textbook/workbook brings together all the theory and practical skills students need to succeed as medical billers. After introducing students to the medical practice, GUIDE TO MEDICAL BILLING, 3/eÂ Â presents in-depth coverage of every common medical billing procedure and practice used in both medical offices and hospitals. This edition includes extensive new coverage of transitioning to ICD-10-CM from ICD-9-CM in medical offices, and using the newer UB-04 form in hospitals. Coverage also includes: Current Procedural Terminology (CPTÂ®) coding, stress and time management, CMS-1500 forms and medical procedures, hospital procedures, basic office functions and communications, and much more. To enhance understanding and retention, the text uses proven pedagogical features, including learning objectives, key terms and definitions, critical thinking questions, in-text chapter activities simulating professional practice, and additional end-of-chapter exercises.

## **Book Information**

Paperback: 408 pages

Publisher: Pearson; 3 edition (January 6, 2012)

Language: English

ISBN-10: 0135041376

ISBN-13: 978-0135041376

## **Customer Reviews**

The book does a good job of explaining the basics of billing and coding. However, it has no answer key to its plethora of exercises and quizzes. It is really as much a workbook as a text, so the exercises would seem to be very helpful if I could get an answer key. I would hesitate to spend the \$40.00+ on this book . I am very disappointed and wouldn't recommend it unless it is being used as a text in a setting where the answers to the chapter questions could be accessed.

Material is fine for the course, formatting needs work. This e-textbook is a PDF file of the paper textbook, complete with wide margins (perhaps for note-taking in the paper text]. This made reading the text awkward on my iPad and Mac Kindle apps. I would have liked it better if I didn't have to zoom in on each page to make out the text. I gave a rating of 5 stars because there was no problem with the material.

It's easy to follow and has helpful information its outdated already though because Insurance changes daily

Took this for a class. Really broke down medical billing in a way that I could understand.

good book came ontime

It was exactly what I needed at a third less then the school book store prices. I always get my stuff t

SO GLAD I GOT THIS BOOK.....IT IS HELPING ME TO PASS MY EXAM AMD IT IS EASY TO READ AND UNDERSTAND....WILL TELL MY FRIENDS TO PURCHASE

I ordered a "Medical Billing and Coding" book.I am so happy with it.It's in brand new condition. It's a very helpful book.I'm studying it so I can take my certification test.
