Collins Maps allow you to explore the world through accurate and up-to-date mapping created by Collins UK, a leading information-led publisher of illustrated and narrative non-fiction.

Perfect size and just what we were hoping for as we plan out our trip to Ireland. Functional yet seems like it will be easy to travel with.

Good map but not as detailed as I thought. It will be useful.

Heading to Ireland in a few weeks and will be bring this map with me! It's the perfect fit for any bag and will definitely come in handy when I don't have available wifi!

an OK compact map; lacks a few notable archeology sites as well as clear indicators of train stations and bus stations.

Nice map, but I thought it would be more book like. Hard to fold and unfold while driving.

I have many occasions to talk with people about Ireland, generally over dinner or a cup of coffee and have in the past dragged around a huge map, large and awkward. I am delighted to have this smaller and yet still very accurate reference.

Great.

Great little map. Perfect for traveling.
