What Has Your Sister Done?: Stories Of Unplanned Pregnancy

Synopsis

What Has Your Sister Done? is a collection of true stories about young women and their unplanned pregnancy. Some have kept their babies while others placed their babies for adoption or terminated their pregnancies through abortion. Because many aspects of unplanned pregnancy aren't talked about, these stories are shared in hopes they will give light, a voice, a way to heal and help others in the same situation. Having had her own unplanned pregnancy, author Laura Lofgreen wanted to understand the diversity of challenges and strengths these young women experienced and in the end, how their stories are more powerful than they ever realized.
