As food writers, [RIMA](#) and [RICHARD COLLIN](#) have written [The Pleasures of Seafood](#) and [The New Orleans Restaurant Guide](#). Richard Collin is the author of the [New Orleans Underground Gourmet](#) and wrote a weekly restaurant column for the [New Orleans States-Item](#) for ten years. He died in January 2010. Rima Collin, who learned to cook while on a Fulbright Scholarship in France, founded her New Orleans Cooking School in 1975. She died in 1998.

I remember this from my years in New Orleans. It does not live up to the memory but it is still the best New Orleans cookbook going. Far superior to books by Paul Prudhomme et al.

My husband and I lived in New Orleans when we were first married in 1979. The "locals" recommended this book because it is very authentic. I found that to be absolutely true. The recipes require many spices, which is why they are so good. They are not difficult, but do take time. We have some recipes we make frequently and just last month I tried one for a dinner party I had never made before. Always rave reviews from the diners. The section on fish offers fish substitutes in case you live in a part of the country where your choices are more limited. The recipes include a lot of history about where they came from. I bought three of these for my adult sons for Christmas because they grew up on it and now cook the family favorites regularly. I wanted to give them the opportunity to expand their repertoire. I was very relieved it is still available in paper back (ours is hard cover). I highly recommend this book if you know what it means to miss New Orleans.

Have had a copy of this cookbook since living in NOLA over 30 years ago...it's an ABSOLUTE CLASSIC.

I bought this cookbook for my wife. She loves cajun & creole food and it is very hard to come across a good restaurant that serves this type of food. The closest is in another city. She likes the pages on just the sauces, she says that makes the biggest difference for the taste of the meal. She is amazed at the desserts section too! We had an amazing dinner tonight thanks to this cookbook! Definitely worth the buy!!!

I gar on tee you like this book.

Great book to cook from.

I love the recipes in this book.

I have owned this book since it first came out - a much used and stained first edition. Now, whenever I need a gift for a new bride, someone moving to New Orleans, or someone moving away from New Orleans, guess what they get! Their own copy of the New Orleans Cookbook. Richard Collins used to write a newspaper column in the New Orleans Times-Picayune in the early 70's which everyone pored over to see what was new on the restaurant scene. He compiled this recipe book from New Orleans favorites - beans, seafood, crawfish, gumbos, etouffe's, vegetables including, okra, eggplant, and mirlitons - with stories and backgrounds to go along with them. Great recipes

and great local color.
