Instant Blues Harmonica (Book & CD)

Synopsis

David Harp has taught thousands to play the harmonica, and in this revised edition with 30 percent new material, he makes it even easier. An illustrated instruction book, a CD of play-along music, and a "Mojo Deluxe" harmonica encourage would-be wailers to play the blues.

Want to play harmonica? Buy a Hohner Special 20 harmonica in the key of C and this book. You'll be playing in a few minutes. Nothing fancy at first, but soon you be sliding, tooting and having a ball! He develops a few rhythm patterns, shows you some variations on them, and then has you play them in the 12 bar blues structure. All I need is a neck holder for the harmonica (just ordered) and I can play the guitar and accompany myself on the harmonica! KEWL! Mr. Harp also publishes several other books listed at the end of this book. I bought another one and have just ordered the ones for bending and country music. Be sure to get the CD's with the books. For less than \$100 total, I have added the harmonica to our band. Folsom Prison Blues now has a train and whistle introduction before you hear the words "I hear that train a comin".... We also incorporated one verse harmonica solos into our songs, e.g, Amazing Grace, May the Circle Be Unbroken, and Danny Boy. It really spiced up our sound. Thank you Mr Harp!

I am a musician and play several instruments ..I am not forty eight years old an always wanted to learn the harmonica...decided now was the time ...this book is very easy to follow and understand

and will have you playing in no time..teaches you all the basics you need to know ..the rest is up to you..you need to practice alot to get good just like any other instrument...great book for getting started

Perfect for beginners. Start with this and move on from there. The CD is helpful too. Probably a DVD would be even better though.

Good sound and good value. Easy to follow, great beginner and intermediate tool. I was pleasantly suprised to find a harmonica in a case included taped to the book. I keep that extra one in the car to practice with the CD. David Harp makes it easy to learn.

I'm a beginner, I never played the harmonica before buying this package. You really will be playing the harmonica in minutes. What a great, fast, easy and fun way to learn to play the harmonica. After 70 minutes or however long this CD is you won't be John Popper but you will definitely be playing some basic tunes and have a good start to becoming a pro. You get a CD, book, and a harmonica for a great price. I highly recommend this starter set.

Having played the harmonica for 30 years (and never really knowing how to play blues harp), I can honestly say that I learned more in one afternoon than I had in the past 10 years. After about 3 sessions with David Harp's simple methods, I am playing up a storm! The method centers first on rhythm and articulation, but this becomes the basis for different riffs, which can be played by anyone with two lips. You don't have to hit single notes to make music, but if you can learn to pucker up, the tools he gives you here will have you playing like a real blues harp player!

This books is well written, easy to follow, and will actually produce results if you want to learn how to play.

I've been playing for a few years, sort of self taught, and I've picked up a few books. IMO this book is the one I would recommend to a novice for learning the fundamentals as painlessly as possible. I'm doing the course now to fill in the gaps of my knowledge. (I could never quite get the blues scale, but the course makes it easy) This book comes with a CD which is the primary method of instruction.I highly recommend this book to anyone interested in playing the harmonica.
