Winter's Heart: Book Nine Of 'The Wheel Of Time'

Synopsis

Millions of Robert Jordan fans will rejoice at the release of the ninth book in the phenomenally bestselling series *The Wheel of Time*. The sequel to the #1 New York Times bestseller *The Path of Daggers*, which swept the nation like a firestorm, *Winter's Heart* continues a remarkable tale that is mesmerizing an entire generation of readers. Rand is on the run with Min, and in Cairhein, Cadsuane is trying to figure out where he is headed. Rand's destination is, in fact, one she has never considered. Mazrim Taim, leader of the Black Tower, is revealed to be a liar. But what is he up to? Faile, with the Aiel Maidens, Bain and Chiad, and her companions, Queen Alliandre and Morgase, is prisoner of Savanna's sept. Perrin is desperately searching for Faile. With Elyas Machera, Berelain, the Prophet and a very mixed "army" of disparate forces, he is moving through country rife with bandits and roving Seanchan. The Forsaken are ever more present, and united, and the man called Slayer stalks Tel'aran'rhiod and the wolfdream. In Ebou Dar, the Seanchan princess known as Daughter of the Nine Moons arrives--and Mat, who had been recuperating in the Tarasin Palace, is introduced to her. Will the marriage that has been foretold come about? There are neither beginnings or endings to the turning of the Wheel of Time. But it is a beginning....

“Robert Jordan has come to dominate the world Tolkien began to reveal.”
—The New York Times --This text refers to an alternate Audio CD edition.

Robert Jordan was born in 1948 in Charleston, South Carolina. He taught himself to read when he was four with the incidental aid of a twelve-years-older brother, and was tackling Mark Twain and Jules Verne by five. He is a graduate of The Citadel, the Military College of South Carolina, with a degree in physics. He served two tours in Vietnam with the U.S. Army; among his decorations are the Distinguished Flying Cross with bronze oak leaf cluster, the Bronze Star with "V" and bronze oak leaf cluster, and two Vietnamese Gallantry Crosses with palm. A history buff, he has also written dance and theater criticism and enjoyed the outdoor sports of hunting, fishing, and sailing, and the indoor sports of poker, chess, pool, and pipe collecting. Jordan began writing in 1977 and went on to write The Wheel of Time books, one of the most important and best selling series in the history of fantasy publishing with over 14 million copies sold in North America, and countless more sold abroad. Jordan died on September 16, 2007, after a courageous battle with the rare blood disease amyloidosis.

Listening to a favorite series that I read years ago gives an entirely different "feel" for the story. It took a little bit of effort to get the story to flow, listening instead of reading, but it has been well worth it. I won't go into the story line, as it is an old story, and true fans don't need my meager words to appreciate it.

im told the middle of the seriies drags and this has a lot of uaseless crap but im this far and im going to finish the whole series im told it gets way better

As the story progresses, you can easily get caught up in the side stories. Let you imagination go, and find yourself in a world where the impossible is merely difficult.

I read all the books to this searies and enjoyed them as much as The lord of the ring. Their are a few word changes in the audio but not a lot. You would only notice if you follow along with the books. I like to listen this this story when I run. One of the few thats long enough to last most of the way.

I have been wanting to re-read the Wheel of Time series now that the last few books are out. Unfortunately, I do not have the time to re-read all the old books I had previously bought. Listening to them in the car on the way to work and my other activities has been a wonderful use of my time.

the book carries on the long tale of the Wheel of Time.. characters and events following as they should.. leading to further activities among the characters who are lively and real Certainly worth your time.

I love this series!

Another great book in a great series. Can't complain about anything. Wonderful series, can't get enough. Can't wait to finish the entire series.
