My oldest kids were almost 2 and almost 5 when I got this for them. They're now almost 3 and almost 6, and they've been listening to art of this DVD every night before bed for the year. They're still not tired of it. It's about three hours long, and they get about 15 minutes a night. I do not think it's too dark for even very young children. My 2 year old tells me, "Jesus died, but he not gonna die again. He's gonna come back." My 5 year old knows the Bible stories very well and it helps him to get more out of Sunday school. When he reads the stories, I feel like he's got context. I read an easier book with my 2 year old (I think it's put out by the same people), but my 5 year old can read this book to me himself. I think almost any 5 year old would understand it well if an older person read it to them. The pictures relate pretty well to what's being said. There are a couple parts of the

DVD that are kind of unintentionally hilarious. Can I admit that my husband and I have to bite our lips to keep from laughing out loud at some parts? The part where Jonah is on the ship, and there's a big storm, and the other guys on the ship are shouting, "Forgive us, Lord!!!" is so over the top. I mean, it's great, and my kids love it, but it's hilarious. The songs are really well done on the DVD, and my kids sing along with all of them now. My personal favorite is the one where all the farm animals sing to the baby Jesus. My 5 year old's favorite is...wait for it...Jesus Loves Me. Bet you couldn't guess that. My 2 year old seems to love each one the same. They show no signs of tiring of it. I've talked to several other families who have it and also really like it. I bought our copy in the local bookstore, but six months later bought a copy here on and had it sent to my brother so his family could have their own copy. They love it, too.

The book is divided up in to stories. You can read it as a book, or it also comes w/ a DVD. The DVD says exactly what the book says & has the words on the bottom of the screen, so you can read it as a book, just watch the DVD, or follow along in the book w/ the DVD. On the DVD, @ the end of each story is a short song also. My only fault w/ it is, if in the book it tells you that story is Chapter 25 on the DVD, you need to double that & go to about 50 to find the story that matches the story you're looking at in the book. On the DVD, Ch 1 will be the 1st story, Ch 2 will be the song that follows the 1st story. Ch 3 will be the 2nd story, Ch 4 will be the song following the 2nd story, & so on. I thought it was confusing to find the proper chapter on the DVD that goes w/ the book until I figured out I needed to double it to find it. Otherwise, great investment, & my 4 y/o loves it!

Book story numbers do not co-inside with DVD! Once you figure it out, all is well! Kids in Sunday School Primary love it! Thinking about the review stating that the story of Adam and Eve doesn't include more (original sin). That is true. However I did not expect it to have all of the Bible in it. We use it as a supplement to our lessons in Primary Sunday School after we have taught the lesson. Our kids really like it and yes it simply shows the pictures in the book and reads the words in the book. That all being said I still think it deserves a 5 star!

I love this book and the dvds. However, the dvds are a little boring as the characters do not move. Just the pictures change as the narrator talks. The dvd narrator says the same words that are in the book also. Another thing is that the numbers on the dvd stories do not match the numbers in the book. Like the top will say "play story 9", but story 9 is not the same story. I think what happened is that they did not account for the song after each story. So instead of stories being 1-20 like the book

has, for example The dvd has 1. story, 2 song, 3 story and so on. They just don't match up, so you have to go by the titles, not the numbers.

What a great find! I ran across this bible at a Christian Bookstore and purchased it for my 4 year old daughter. And it is a great hit with both of us. The stories are short but in depth enough for ages 3-10. The songs that accompany each story are very catchy and reinforces the story. This is a must have bible for every child. It's cheaper on and I'm buying a few more to give as gifts this Christmas. The DVD "reads" the story and has music and sound effects with it. The children can also follow along in the book. I have fallen in love with this bible. You will not go wrong if you purchase this.

Good

Cute but some of the stories are vague and leave out too much detail. I know it's for kids but you can't leave out too much.

I first had the CD version where I would read the story, then jump up to play the song, then jump up to turn it off, and so on. While probably not as good that the DVD is reading to my child versus me, it saves all that jumping up. My 5-year-old loves this. The Bible stories are really sticking in his head. He is very musical, so the music only reinforces the story and makes him remember it all the more. He also likes that he can follow it along in the book.
