The Vampire Diaries: The Fury

Synopsis

Love can kill Elena: with Damon at her side, and wild with her craving for blood, the changed Elena struggles to control her desires. Damon: his hunger for the golden girl wars with his hunger for revenge against Stefan. Stefan: tormented after losing Elena, he will do anything to get her back. Even if it means becoming what he once despised. . . . Getting what they want may come at a deadly cost.

Customer Reviews

evil as cold as ice is controlling the inhabitants of Fells Church. no one can escape it's pain and loss. Elena is trying to adjust and the others are learning to but none of them are in any way prepared for what hits them. the story here moved better. there was more of it, more depth of character, dialogue, thought. it's pleasing to see the way this has moved along.

I am a big fan of The Vampire Diaries television show so it was a shock to see how different the

books are. I absolutely hated Elena at first but it was nice to see her character development. I didn't think we got enough Matt in this book. It's kind of sad that the television show left out Meredith and watered down Damon's character. This book accentuates the importance of good values such as waiting until marriage and clean language so it's a good read for teens. However, adults might find it a little too much teen-ish. Lots of punctuation errors. Happy reading my fellow bookstores.

Guilty pleasure. Though I gave up after a while.

Good read. Not at all like the tv show. This has some good twists and turns. Worth the time to read it.

This third book in the series was a good read. But I have to say the first two were better. I still read it and I'd say it was a good read. Not the best but good. Now onto the forth book I go...

I can't wait to start the next book, sadly not looking forward to this series ending. I have fallen in Love!

Loved the tv series so I wanted to read the books. The book was easy to read and had a good story line

read this series and feel sad with the absurd decision that the owners of the copyright had to replace the original author because they weren't happy with the plot twists....very very bad decision. until L.J.Smith wrote the story was superb....but once replaced the characters and the plot are somewhat lame and shallow, very poorly written.
