## Customer Reviews

This was a helpful book, with specific information about the countries which will help us. I still wanted more info, though, and so maybe a more up-to-date version would have worked better.

Even though I am going with a tour, this book was very helpful in learning about the places I will be visiting and gave great tips of every sort. I always get the Lonely planet book when I travel. Has never failed me.

The book was our bible during our summer '99 holiday to Namibia, Botswana, Zambia and Zimbabwe. Without it we wouldn't have made it in the timeframe we had for sure. Be sure to buy the most recent version, 'cause these regions are developing faster than you can imagine. Due to the guide we discovered loads more country beauties than we would have. You'll absolutely get your money's worth.
