Synopsis

Any suggestions for copywriter or provide generic description of the product to be used for the Internet or non-channel specific applications. NOTE: If you have a book only version for this product, it is imperative that you provide a description that does not include any references to package elements. Ever wonder why you have the number of friends that you do? . . . If a tax on soda would really reduce obesity? . . . What is going on with the financial problems in Greece? . . . or whether a tax rebate is better than a tax bonus? **MACROECONOMICS** answers these questions and many more. Using intriguing pop culture examples, the eleventh edition is revised to include the most comprehensive coverage of the financial and economic crisis available in a principles of macroeconomics text. Self-tests help determine how well you're grasping the concepts, and CourseMate for Macroeconomics offers a graphing tutorial, quizzes, videos, and more. It's all carefully designed to help you get the best grade possible! Building on the Video Office Hours lectures developed by the author for the tenth edition, the eleventh edition features two entirely new video types--See It Solved and GraphIt! See It Solved videos walk you through a worked problem, similar to those found at the end of each chapter, providing an ideal study tool for reference as you do homework. GraphIt! videos demonstrate key concepts in graphing in short (averaging three to five minutes) video pieces that can be played and replayed to see how the graphs are built.

Dr. Roger A. Arnold is Professor of Economics at California State University San Marcos, where his

fields of specialization include general microeconomic theory and monetary theory. A widely respected authority on economic issues, Dr. Arnold is a regularly featured expert on talk radio discussing the state of the economy. He is also a proven author who has published numerous academic articles, hundreds of newspaper columns, as well as the popular ECONOMICS: NEW WAYS OF THINKING and principles of economics supplemental text, HOW TO THINK LIKE AN ECONOMIST. Dr. Arnold earned a B.S. in Economics from the University of Birmingham in England and received his M.A. and his Ph.D. degrees from Virginia Tech.

Rented for CLEP Exam and the book was amazing! Not only followed the order of Instacert.com but was inline with Petersons practice exams. I read the book and was able to pass my CLEP with no prior knowledge with in 2 weeks of picking up the book.

This is an older version of Macroeconomics Roger A. Arnold. Most of my classmates purchased this textbook to save money and our professors did not mind us using an older textbook. However, this textbook has repetitive information and can definitely be condensed. Overall, the new textbook isn't repetitive and chapters are brief and straight to the point. In comparison to the new textbook, it is very similar. If you don't mind reading repetitive information over and over again you should get this.

Textbook for a class, got nice book at friendly price, shipped quickly for free

The book as listed as good condition. It was actually in poor condition. There were so many markings throughout the pages that it was difficult to read.

Its a school textbook. Everything is there, nothing is missing. You really can't expect anything more, packaging was great and the book was in excellent condition when I received it. Great purchase, thank you very much.

good textbook for macroeconomics

arrived in great shape and I am happy with my purchase!

When the professor says go to page 190, for example, the page numbers do not match. Not very efficient. Other than that, good clarity.
