Land Art 2016 Wall Calendar: Creations In Nature

Synopsis

Land Art, also known as Earth Art or Environmental Art, is art that is created in nature and composed primarily of the natural elements available at hand. The 2016 edition of the Land Art wall calendar presents the creations of Dietmar Voorwold, whose fine art focuses on the intricate patterns found in the natural world. A year of creative Land Art on your wall. The perfect gift for anyone who loves Andy Goldsworthy, Martin Hill, Nils-Udo, land art, and the earth art movement. Features 12 inspired installations by Dietmar Voorwold. Showcases exceptional photographs of earth art installations created entirely of materials found in nature. Frameable artbook-quality printing. Printed on FSC Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the world's major religions. Voorwold's installations blend seamlessly into the landscape and, although transitory, often look as if they have been there forever. These designs in the context of nature surprise viewers with their beauty, variety, and unpredictability.

Customer Reviews

Land art art in and with nature has become an essential part of Dietmar Voorwold's work. He spends much of his time along the coasts and rivers of northern Scotland, where, sometimes in the course of a single day, nature moves through the spectrum of color, light, and weather, creating a lively spectacle throughout the sky and in the interplay with the earth. It's a matter of finding the balance, he says. The perfect place, the perfect material, the perfect shape. The right moment.

There's always a chance that the sculpture will collapse, the incoming tide will come too early, the light will change too quickly, a dog will step over my mosaics. Photography another important aspect of his art is how he freezes a brief moment. The actual installation will be gone within a few days, or even minutes, depending on the rhythms of nature. The never-ending coming and going, the creating and letting go, the transitoriness and changeability in nature are charming aspects of his artwork.

My husband and I pick out a new calendar every year for the house. This one is unique. Would buy another sometime in the future.

This calendar is exquisite. I enjoy it in the office which is kind of out of the way. However, the shapes and outlines are pleasantly visible from a far distance.

Nice series of photos, good printing and just the size for notes on dates.

Beautiful and calming

Beautiful photos and plenty of space to write appointments, birthdays, and anything else I need to remember. I've really enjoyed this calendar.

Absolutely beautiful photos. Great organizations and easy to read .

I just love this calendar! Most wall calendars I just ignore, but I find myself really enjoying gazing at this earth based artwork each day.

I use this in my office. I am a professional full time photographer and I love this! Great room to write things on each day.
