Western Crete: Car Tours And Walks (Landscapes)

Synopsis

Mountains rearing straight up from the sea, deep wooded gorges, ravines and valleys - and yet more glorious mountains, standing proud and acting as a magnet to the eye and the imagination - that's western Crete, or real Crete, as some would say. Its strong, dramatic scenery and colors create sweeping landscapes of harsh but beautiful countryside - countryside that has been the backdrop for heroic deeds, ancient civilizations and constant intrigue for thousands of years, and the home of obdurate, tough people - made so by their labors on the land and their experiences. This pocket-sized guide describes car tours, picnic places and walks throughout western Crete. There is a fold-out touring map for motorists, which also highlights the various walking areas. Western Crete is real hikers' territory, and this book takes in all the best routes. For those without a car, there are timetables for local transport.
