## Customer Reviews

This cookbook has changed my outlook on eating and in the last month I was able to lose weight so easily it's scary! I've stopped eating processed sugars and now only eat pretty much only healthy food. Besides losing weight I also noticed an increase in energy throughout the day. My husband wasn't a big fan in the beginning but now he absolutely loves it! What I love the most about the recipes in this book is that they TASTE GREAT! The book convinced me that healthy food can be extremely delicious and easy to prepare - 10/10.

Switching to a whole food diet was a challenge for me. I did a lot of research online and bought a couple of different cookbooks but all of them had a lot of complicated or bland recipes. I've read 60% of the cookbook and so far there is not one recipe that I didn't enjoy. I love it! The recipes are easy to follow and super tasty! The best thing is that I am losing weight like crazy! I should have started sooner so I would be more ready for the summer but I guess we can't have it all

Overall a very comprehensive
