Praise for THE NOTEBOOK OF DOOM #1: RISE OF THE BALLOON GOONS "Cranking up the horrorlarity with googly eyed cartoon figures and sight gags on nearly every page, Cummings pitches his nervous but resourceful newcomer into a climactic, all-out battle with an entire army of aggressive, air-stealing bendy balloons.... An unusually promising series opener for proto-Goosebumps fans." -KIRKUS REVIEWSPraise for THE EENSY WEENSY SPIDER FREAKS OUT! Troy Cummings has been drawing since he was a little kid. His illustrations have appeared in newspapers and magazines, on websites, on frozen-fish-stick packages, and in hospital waiting rooms. His picture books include THE EENSY WEENSY SPIDER FREAKS OUT!, MORE BEARS!, and GIDDY-UP, DADDY! THE NOTEBOOK OF DOOM is his first early chapter book series. He lives in Indiana with his cat and family.

My son is a HUGE fan of Troy Cummings and the Notebook of Doom series. They are hard to find as I have only seen them sold at his school book fairs once a year. They are also \$5 a piece so I enjoyed the little bit of a discount that I got. These are great mystery style chapter books for beginners. They really engage the reader which is important for a young child. They aren't too big as to discourage them from wanting to read yet they aren't too childish either. I highly recommend the Notebook of Doom series for any child that likes to read fiction books about monsters and monster fighters.

My 9 year old loves these books. He has the whole collection so far. Not too scary or anything for young kids. They have a lot of cute and funny drawings throughout the book to possibly help keep kids attention that might not like to read as much. Definitely a good buy for young boy readers!

My boys love these Notebook of Doom bugs. They actually prefer it to TV!

When my son was 7 it was one of his favorite series.

Love this book series for myself and the kiddos in my classroom. This gets non-readers to love reading!

My son is OBSESSED with this series. This book was a great addition to the growing series and the price is great for our budget.

My 9 year old grandson LOVES the series! Can't wait for book 10 in June!

My autistic daughter absolutely loves the series. As kids' books go, this series is pretty solid. My

daughter loves the illustrations and the characters are fairly memorable. She carries the entire set with her whenever she gets in the car and loves to share them with her friends.
