Craps: How To Play Craps: A Beginner To Expert Guide To Get You From The Sidelines To Running The Craps Table, Reduce Your Risk, And Have Fun (Craps, Craps ... Casino, Poker, Craps For Beginners)

Synopsis

You’ve heard the sudden bursts of cheers as you’ve strolled past the crowded Craps table. You have even seen the countless TV shows and movies with the dice flying in slow motion over the green felt before knocking against the wall. The dealer barks out, “Winner!” and then the table roars with applause. Now you want in. But as you step up to an empty, unused craps table in a Vegas casino just to survey the complex boxes with terms like “Field” and “Pass Line”, you’re hesitant. You have second thoughts about going to an active table and putting \$20 down because it just seems so impossible to play. And then there isn’t just one dealer like at the blackjack table or roulette wheel, but four! A bead of sweat tickles your brow and you walk away from the intimidating Craps table and decide to invest your money at the Wheel of Fortune slot machine or tackle a few hands at the three-card poker table. Go Back! This book is designed for the beginner who has always wanted to experience the thrill of throwing the dice but was too afraid to learn how to play. Worry not, shooter, this guide will have everything you need to step up to the table with confidence and have fun playing the wild game of Craps! What This Book Will Teach You The Absolute Basics The Table Playing the Game Beyond the Basics Fun Lingo What not to do or say at the table Tips for your first time Buy this book today to run the craps table with all of your friends!

MUST READ IF YOU ARE TRYING TO LEARN CRAPS! I have always seen people playing Craps and they always look like they are having a blast!! I was always too intimidated to go up and play. I was headed to AC this past weekend and decided I wanted to actually get in on the action. This book was AMAZING!!! It gave me all the knowledge I needed to be confident enough to go to the table, without making it hard to understand! Bonus: I actually won!

What a large print book! I learned the basics but it's true, unless you dive into the game, you won't fully understand

This book was absolutely a waste of time. The fact that it says "beginner to expert guide" is completely false. It barely goes over the basics and doesn't even cover lay bets, buy bets, basic betting strategies or anything. You'd get more information AND better information by watching a how to video on YouTube. And it would be free...

This book was clear and concise and truly taught me how to play craps. I have never played the game before and this book layed out the rules and strategies perfectly for a beginner.

Easy read. Great basic instructions. Read on the plane ride to Las Vegas! Enjoyed the easy instructions and quick read!

Awesome product at an even better price. Fast delivery! Thank you.

Bought for a friend and he said he enjoyed reading it.

The best craps book I have read, to date. I really appreciated his examples. His book is so much easier to understand than one that only has charts and graphs.
