The Yielding Of Rose (Terran Captives Book 2)

Synopsis

Being abducted by an 8 foot tall alien was either the worst thing to ever happen to young Rose or it was her one last chance at finding forever. Rose had always dreamed of finding the one. But she'd never dreamed he'd find her first and promptly spirit her away from everything she'd ever known. Alone, adrift, and seemingly lost on Earth, the young woman had exchanged a life of youthful rebelliousness for a life of strict, trained obedience, painful consequences, and the dark depths of pleasure unlike any she'd ever imagined. But there was a small problem: she hadn't chosen that exchange. The muscled, glowering, Alpha male from another planet had chosen it for her whether she wanted it or not. The dazzling red-headed beauty with the spitfire personality and the dramatic curves to match was a danger to Lieutenant Kosha, an officer of the Yaanfah Survey Corps assigned to observe the emerging human civilization on the planet Terra. But the female in question wasn't any sort of physical danger it was because the alluring human female was irresistible. Especially this one. Though he'd risen fast in the ranks by following the rules, by excelling at his job, the power of Rose's beauty called to him to do something else entirely. To break those rules and to break her utterly to his will. Lieutenant Kosha entertained more than ambitions for making the rank of Admiral in the Yaanfahri navy someday. No, he entertained far darker desires too. And those desires would be realized courtesy of the little buxom beauty stowed securely away in the hold of his ship. He'd always wanted a well-trained, well-disciplined creature he could call his own. His plaything, his possession. Rose's luscious body would fit the bill quite nicely indeed, the canvas upon which he would paint the realization of his most deep-seated, twisted fantasies. Did he dare take her for himself? Train her, mold her, and transform her into the perfect human pet? Or would crossing that line change more than the voluptuous human captive? What if it changed his heart as well? Customer Reviews

A tour d force with the realm of erotica- Trent Evans has simply written a masterpiece. While graphic and erotic , this novel speaks volumes regarding submission, dominance and love. It's simply a fabulous work that showcases Trent Evans' writing genius.

Yikes! Super hot and dark! It has themes that include: graphic sexuality, D/s relationship, exhibitionism, spanking, bondage, other BDSM activities and for some this content might offend, as for me, I wanted to READ IT!! The hot, sexy, Dominant Alien kidnaps Rose. She hasn't given consent or choice to be transported to another world but he assures her she will accept all, after he trains her. Here we have an 8' powerful alien male, who can't ignore his attraction to the human female, who he is supposed to avoid and his career may be at stake. This SciFi story is well written and the characters are well developed. Rose holds a power over Lieutenant Kosha - despite his superior intelligence, he discovers that he has underestimated his human female. She is intelligent, physically beautiful and he becomes obsessed with her. But, he finds that he likes these complications. Trent Evans continues to be an amazing author, in that he tells a very good story with suspense, hot, hot sexual scenes, BDSM elements, strong intensity, passion and he keeps us on edge with our emotions. And, at the end, his readers are safely returned.*I voluntarily read a Review Copy of this book. All opinion stated are solely my own and no one else's*

This book is the second one in what I truly hope is a series. Trent has created a decadent, deviant world of dominant males making no apologies who know who they are, what they want and positively know how to get it. Earthlings beware we are being watched by beings from another planet. Their directive to observe only; not interact with the subjects of their reports. But what's Kosha to do when he sees a female subject about to be hurt by two large males? Damn the directive is what!! There is something compelling about this little female and he intends to possess her. One minute Rose is about to be assaulted when out of thin air a man saves her. He's huge, different...something isn't right and she's caught literally and figuratively. And along with her so are we. Trent has abducted us along with Rose. You are taken on such a journey of captivity, subjugation, domination that is off the charts. This book is a work of perfection. It is very rare for me to rate a book 5 stars. If you are titillated by dark erotica this one should not be missed. Trent thank you for penning a book that ticks all of the boxes. This book will have you enthralled leaving you panting, overheated and wet. But most importantly it will leave you satisfied and satiated. I received an Advance Reader Copy for an honest review.

Rose just like her name is a real beauty she has long flowing red hair, a full curvaceous figure with skin as soft as silk and beautifully decorated by small freckles. Lieutenant Kosha has been watching over her for a time, he feels a strange draw towards her and even though he knows that Yaanfahrs are only assigned to oversee and never interact with the human race. However, the pull of the beautiful human leads him to break every rule in his society he takes her captive and returns with her to his home planet of Yaanfahrs. Here he trains her to become his possession, his pet to be punished as and when he deemed it necessary. This was at times a dark dominant and very sexual read it was a very a very Dom/sub read he wanted to create his own slave/pet her luscious body and her need to be controlled are what drives him to perfection but what he has never considered is what effect this buxom beauty being in his everyday life would have on him? I enjoyed the book and look forward to reading any future publications; keep up all the great writing.

This book was everything I look for in erotica. So dark. Noncon that segues into con. Bold descriptions of every inter and inner action that leads the heroine to turn her will over to the alien who has claimed her. Yes, it has sex scenes that left me panting but it also has character evolution relative to both Rose and Kosha. He wants everything from her. But he finds, in the end, that he will also give up everything, anything, for her. I can't wait to read more in Trent's Terran

Captives series but I hope the author finds a way to tell us more about this couple (threesome really) within Terrans's other stories. This was great. Loved it.

This book is everything you have come to expect from Trent Evans. It's dark, edgy, raw and intense. A journey that may disturb some, but ultimately intrigue readers. Lieutenant Kosha, disobeys orders to rescue Rose from being attacked by two males. Kosha trains Rose to be his pet. She is subject to harsh conditions and punishments. Can Rose be happy with Kosha on his home planet where she has to answer to him in every way. I found myself immediately drawn to both characters. The author never fails to touch me in the deepest part of my soul. This is not a book for the light hearted, it is disturbing at times, but once you begin to read it, you will not be able to put it down. I voluntarily reviewed an Advanced Readers Copy of this book.

I loved this newest book of Terran Captives (book 2). Rose is abducted by an alien who brings her back to his planet to train Rose to be his slave/pet. From abduction to being part of a ritual, I loved Rose and her master Kosha. The book is loaded with erotic, most times painful lessons for Rose, but it is everything she secretly desires. Yes, this is a very dark sexy book that you can't help but read and love every word, I know I did. I reviewed an advance reader copy of this book. I very happily wrote my review and would read it and review it again! Great job Mr. Evans, keep up the great work, I can't wait to read Terran Captives Book THREE!
