Customer Reviews

I home school and this is a great cheap book! It tells so many unique stories. I have told many other families about this book.

Excellent stories of our American History. I highly recommend the well written book to people of all ages. Thank you.

Want to read or teach History in a captivating way, then this series is for you. We are using it as our US History Text. When your 14 year old male student begs to read more. It has won our families approval. We are actually reading this series for our Literature class and using A History of US for our History Text. Both books are similar but brings out different points of interest. Love them both.

My son and I are reading through this for history in our homeschool. He enjoys it and always asks me to keep reading. I enjoy it as well.

Thanks

I love this author.

Worth the buy!
