Customer Reviews

Very Informative and too the point. Use by most to study for state bar exams.

excellent product

Concise outline that is very easy to follow and extremely helpful. It gives examples and cases to further explain the rules.

Get the ISBN for the casebook that you are supposed to buy, then check the value of it on resale - then pick your jaw up off the table. Casebooks are a total waste of money. A Gilbert's Law Summary and a Case Brief Book is most of what you need to understand the information on a subject. The less "stuff" you have for studying, the more valuable time you can invest in each tool, a Gilbert's is a solid tool in every subject. Best wishes for much success, always!

Outlines everything very well and provides helpful examples. I would certainly recommend as a supplement to anyone taking this class

prompt shipment -- would recommend to others

Gilbert Law Summaries: Remedies I received the "Remedies" edition of "Gilbert Law Summaries" recently from and therefore haven't had the opportunity to go through it thoroughly as I am inclined to do eventually; however, I am so far quite pleased with what I have seen. Besides, I have used Gilbert Law Summaries quite a bit and am never disappointed with them: they are quite meticulous for Being only summaries of the law, they are very well crafted by the authors and the manufactures, and they are so efficient to use as either references or as texts.
