This course was so much more interesting than I expected. The book does an excellent job of explaining ethics in a way you can understand.

Needed for a class I was taking. Was very easy to read and understand. Lot of information on professional ethics.

Arrived in a timely manner, front is dented and marked but other than that nicely preserved book - just what I needed, and at a cheaper price than a rental from an actual bookstore.

its ok

Perfect, and in very good condition!

Short and to the point.
