Customer Reviews

This is not a good resource for nurse assistants taking the CHPNA test. To me, this book is mislabeled and would be better for registered nurses studying for their version of the test. Nurse assistants, try "Core Curriculum for the Hospice and Palliative Nursing Assistant". You buy a hardcopy for \$90 on hpna.org. It is a great overview and includes practice questions that are similar to the real test. Good luck!

100 realistic questions-nothing more, nothing less.

great set of practice questions-seemed to match my work experience

Didn't need it.

Was supposed to be for nursing assistants but it matched the book for nurses. Would have loved it if it would have been for nursing assistants.
