Customer Reviews

I'm in love with this series and guaranteed you'll love it too. Sunaya has been put onto my 'favorite fantasy heroines ever' list. I think Jasmine Walt, the author, hit it out of the park with her writing for her characters. She managed to create a fantasy series that utilizes a lot of the same supernaturals-shifters, mages, etc.- but makes it her own by setting her characters apart and creating an AU world with a really interesting supernatural mythology and hierarchy. I thought the writing for Sunaya was fantastic. She's just really likable, and to me, someone I can relate to- she has a short temper and fiery spirit but some of that is a defense against her emotional vulnerabilities. She spent her whole life not being completely accepted by most in the supernatural community because of her heritage. You'll laugh at and with her and she has more heart than almost any heroine I've read about. As I saw another review mention, the chief mage is such an alpha but not in the typical way. He's sexy, arrogant, and sometimes infuriating but everything from his looks to his background to his personality sets him apart as a hero in this genre. Cannot recommend this series enough, you

probably won't be able to sleep because you'll be so caught up reading.

Easy read. Good sci fi. A bit steam punk, which is fun. I feel you must read the entire first three books to feel like the story stopped at a good place. without the first two I don't think the story would be as fulfilling. I am looking forward to finishing the series.

Good characters, fun, suspenseful with magic, shifters and budding romance. If you like I lion a news read this series

Such a great story and characters! Love Sunaya and her strength and determination. Can't wait to read more in this series..

Great Read, a quick paced account of an interesting world that has many interesting twists and turns. Read it you will enjoy it.
