Where Does It Go? (Korean/English) (Korean Edition)

Synopsis

Does it go on the baby's head, on the baby's feet, or in the baby's arms? Babies and toddlers will love lifting each flap to see where each object goes.

Customer Reviews

The game and interactive aspect of the book make the learning experience fun for toddler and caregiver. --Parenting

my daughter in law is Korean , and having a baby , so she loved this and wants to order more. I do not think, she knew they had baby books for Korean families.

While the book is in Korean, there are only white children in it. Clearly it was translated which I can appreciate, but just a heads up to any parents out there looking to represent some diversity in their readings.

I read the English version to my toddler, and his grandmother reads this Korean version to him. Now, I rely on this book to keep him out of trouble for seven to ten minutes at a pop, as he "mock reads" each in the correct language. Definitely got our money's worth. I believe if you could link the foreign language versions to a recorded reading, then an English-speaking parent could present more of these to his children without having to know the target language. The child definitely picks it

up.

I have been taking Korean lessons. This book is silly, but the repetitive nature is helpful in learning a useful phrase "where does it go?".
