Navigation Rules

Synopsis

This book contains a complete copy of the Inland and International Navigation Rules as presented by the United States Coast Guard. In addition all Notice to Mariners updates to date, 1/1/2012 are incorporated within the text. The Coast Guard requires that an up-to-date copy of Navigation Rules such as this one be carried on all vessels 12 meters (39 feet) or more in length at all times. We have also included detailed instructions on how to log on to the NIMA website to monitor Notice to Mariner notifications so you can keep your book up-to-date. This book also includes an annotated table of contents to help the reader find the rule they seek; no such feature is found in the government edition.

Customer Reviews

Like the previous reviewer stated, this book does not display colors for the lights in the illustrations. It's being returned immediately.

A must for all boaters. Everything one needs to navigate coastal and inland waters.

This isn't the official copy. I bought this preparing for the Navy Rules of the Road exam, and it had no color for the lights. I'm in the Navy and we are tested quarterly for rules of the road, yes, even our CO does. I ended up having to go to West Mariners Boating store. Don't waste your money on this. If you have a Kindle or Ipad/Ipod, just pay for the actual Rules of the Road digital copy. If not, then go to your local boating store.
