Customer Reviews

This book has outlined exactly what Day Trading is, and how it works to help ensure that you get off to the best possible start. I have also found some effective tips and tricks that will surely help me to avoid the common pitfalls that beginners in the business often make. The author has provided step by step approach to buying and selling futures on the market in one day to make a profit with success stories of people who have been in day trading and are earning a consistent profit day after day. This book is a great guideline that will show anyone exactly what we have to do to become one of those people! Recommended.

Awesome book, this is my first book into getting to the stock market about a month ago. It really opened my mind to the different aspect of Day Trading and how the overall market works. I would highly recommend this book for anyone interested in getting into day trading or getting into trading as a beginner. Because this is some core knowledge to learn about how the market works.

Magnificent book, this is my first book into getting to the share trading system about a month prior. It truly opened my psyche to the diverse part of Day Trading and how the general market functions. I would exceedingly prescribe this book for anybody inspired by getting into day exchanging or getting into exchanging as an apprentice. Since this is some center information to find out about how the market functions.

The strategies described in this great guide certainly work. I have learned a lot of new tips and tricks that can be applied when using a day trading strategy in any marketplace. I recommend!

It's ok, I'm having a hard time reading through it because it seems that some concepts are tricky to maneuver, however the book does provide a lot of insight into day trading and how to get going. Compare to all the trading books I have read this one is the best.

This book has pretty much teach me everything I need to know about day trading. A very helpful guidebook that has a very easy to understand guidelines which is good for a beginner in day trading like myself.

Beginners who have no idea of trading they can start trading by using proven techniques.

Good read.
