There's Always A Trail / Home In The Valley / Monument Rock

Synopsis

There's Always a Trail
When a stranger named Handy offered to track down Cass Bailey's stolen money for a stake in the CB range, Bailey has nothing more to lose. But his pretty hot-tempered daughter, Ann, was certain that Handy couldn't find the money unless he'd had a hand in stealing it. So when Handy hit pay dirt Ann Bailey was there to send all his plans to blazes. Now he faced a shoot-out with the pack of villains who held both Ann and his future hostage--and a challenge to prove he wasn't a thief to the woman he loved.
Home in the Valley
Steve Mehan had done the impossible when he drove a herd of cattle from the Nevada range to California in the dead of winter. But Mehan had little time to rest before tragedy struck. The bank that held the cash had failed--the payment was gone. Steve didn't hesitate. Now he'd have to ride hell-for-leather from Sacramento, California, to Portland, Oregon, with only one hope in a million. He had to beat the steamer to the Portland branch and withdraw the randers' money before the bank got the news.
Monument Rock
It had been many years since Lona Markham's father sent her from the rigors of ranch life to a convent school. Now she's returned to a wary, careworn man who hardly seems like the father she remembers. The ranch she's set to inherit someday is shadowed by brutish Frank Mailer, the man Lona's promised to marry--and haunted by the mysterious Black Rider, who watches the Blue Hill Ranch from a distance. Some say the Rider is a ghost, but all Lona knows is his presence makes both Poke Markham and Frank Mailer uneasy. Then one day the enigmatic stranger reveals himself to Lona. Lance Kilkenney has ridden to this rugged country to repay an old debt to Lona's father. When he exposes a cold and daring scheme to cheat her of the Blue Hill Ranch, Lona Markham is plunged into terrible danger. But Kilkenney has a cool head and a fast gun hand...

Customer Reviews

Louis L'Amour, truly America's favorite storyteller, was the first fiction writer ever to receive the Congressional Gold Medal from the United States Congress in honor of his life's work, and was also awarded the Medal of Freedom. There are more than 265 million copies of his books in print worldwide.

Too many of these with different titles have the same short stories, plus bad language, not family friendly.

I am a great fan of Louis L'Amour. Have read many of his books and have never been disappointed. I enjoy the first person narrative, especially on CDs. I suffer from insomnia and listening to his stories is very relaxing and promotes sleep.

We purchased this audio CD to listen to in the car during a long road trip. It's been a few years since I've read Louis L'Amour books, but these well done stories brought his books vividly back to mind for us. The sound effects and character voices were top notch, and we enjoyed every minute of this CD. For anyone who enjoys Westerns and especially Louis L'Amour's books, I recommend this audio recording.

This is perfect for listening on long car trips. The stories are pretty good and the readers are skilled. It was worth every penny on my last long car trip. Good L'Amour stories, not Classic American literature.

GREAT

anything L'Amour is good!

Excellent presentation with wonderful sound effects that takes you back to the old west. Anyone who likes western stories will really enjoy this production.

Excellent
