This book is a one-stop resource to use while planning and while on the road, it has lots of great suggestions and information. Every attraction listed in this PHNOM PENH 25 Secrets has essential background and important contact information. It was exciting reading the book so it must be more exciting experiencing it all. I enjoyed reading it. For people who love to travel, I am sure this book is perfect for you. Definitely will try to visit PHNOM PENH!!

I like to go Cambodia before but my friends don't want to go there because they said it is not beautiful there. I did a research to prove them that it is worth it to go to Cambodia. I read and look for books and information about Cambodia, this book got my eye. This book explained the places well and I enjoyed reading it. The information is not that enough for a traveler addict like me. I will look for more books but this book is good for a newbie traveler.

Traveling is really one of my favorite things in life and going to places and encountering new cultures are really is the best for me. Though I haven't been and I don't really have much knowledge about Cambodia, this guide already takes me

there a bit and I am looking forward to experience to be there myself and explore what this guide gave me. Can't wait to experience riding in a motorbike and experience their culture.
