Has guitar tab, and voice melody, but no piano accompaniment.

Great item, good price, fast delivery. Would recommend this seller.

This is a great book even for beginners. Great tablature included with each song. Most songs are easy to play.

Bought this so that I could sing the songs with piano, but nowhere does it say it is only for voice and guitar. Very disappointing... Wasted money.

This came up in a search for songbooks -- I bought two others at the same time and this appeared to be listed as a songbook NOT A USED CD. Nowhere in my order did it say CD. I did not need another copy. Frustrating -- fix the search!!!

This is just what you want ... all the notes and all the words from all the songs, just as performed, nothing more and nothing less. Both tab and score. Buy that Martin guitar you've always wanted, tune it to the CD, and play along like you're Ron Block! Great fun!
