Age Range: 3 - 7 years

Grade Level: Preschool - 2

Customer Reviews

This is a typical coloring book. The crayons come in plastic stuck to the front. The plastic peels off without an issue but leaves a mark on the front cover. The crayons are thicker than the standard type. My daughter can get a good grip on them, she's almost 2. Their are a good assortment of pictures. Everything you would expect in a product of this nature. No complaints.

grandson loves coloring

I ordered this (when on maternity bed rest) for my son as an additional Christmas gift. It was bent and dirty, but wrapped and shipped well. Total case of send the buyer what ever because it isn't like they are going to waste their time on a cheap coloring book. They were right. But it would be nice if they thought better of customers. I should have had my husband wheel me to the store instead. I just left it sitting out. He said "OH COOL BUBBLE GUPPIES! Oh- yuck"

My son loves Bubble Guppies! I wish there were more toys and books out there! This is a really nice coloring book. The pictures inside are large and will be easier for younger ones to color. Right now my son just scribbles but he is learning! He really loves to look at the pictures and recognizes his favorite cartoon characters. A previous review mentioned that removing the crayons on the front causes the cover to rip. This is true but if you remove them carefully it doesn't tear too badly. I have seen the same coloring book with other characters such as Mickey Mouse and Thomas the Train. They also have crayons on the front so it's not just this one....and it's really not that big of a deal anyway.

my grandchildren love the coloring book

I love that this book comes with crayons - and I love that the crayons are chunky for my toddler's little hands. He loves that he can hold the crayons easily without snapping them in half due to him gripping them a little harder than you should. He loves it!

I bought this for my 2 year old granddaughter. The crayons were chunky enough for her to hold comfortably and sturdy enough to prevent breaking. She loved the pictures in the coloring book.

This was perfect for a gift for my friend's 3 year old. I love that the crayons are larger so he can grip them. The pictures are large and easy to color.
