## Customer Reviews

Elsie Egermeier had a great love for children. As a young teen, she developed an interest in writing that later became a calling from God. When she wrote the Christian classic, Egermeier's® Bible Story Book, she tested what she wrote by reading it to children to be sure they understood and enjoyed the stories.

I am a preschool teacher at a Christian school, and I teach Bible every single day. The Bible story books that my school gave me to go with my lessons do not cover NEAR as many stories as I teach about, and I wanted to have a Bible story book to read out of and show pictures from. I did a LOT of searching and found this one - my searching is done! This is a rare story book because it covers so much of the Bible!!! I love it. I know that it is not the Bible and does not replace the Bible as some argue about, but that is why it is called a story book. And yes it adds some comments or even feelings to help you understand the story better, but don't pastors do this when they preach too? I think it is so helpful! I am 24 and I am reading it straight through myself- I am engaged and almost done reading the old testament portion. I love that it tells you exactly where in the Bible it is referencing from, so that at anytime I can read a story both from my Bible and from this book. It is appropriate for children as well as adults who would like a simple read, it covers so many stories from the Bible, includes Bible references... I think it is the best for getting a good overview of a majority of the stories in the Bible.

This book is actually good for all ages , starting as soon as a person can understand even the picture of Jesus. It has Bible stories accurately told for all age children, and it feeds my soul and I am 60! :) It is well illustrated, has maps and other helps in the back. One thing our children especially loved were the questions and answers in the back of the book for each story!Also , we thank God that it was mailed speedily, early even, and in great condition!!! :)

I purchased this book to teach my grand kids about Jesus. This book came highly recommended. I am so glad I purchased it. The kids love the stories, and the time I spend reading to them! Good quality time! There are questions in the back to ask the kids as well as provided answers! Gives you an idea how much they comprehend! Also helps with discussions on each section. Each section is just long/short enough for young attention spans!

Love the book. I have made it part of my weekly reading with our Awana Group at church. I have purchased one of these books to give to each of my grandchildren and I am excited for them to begin learning more about JESUS through reading this book. I would recommend this book to Sunday School teachers or anyone who wants to know the BIBLE from Genesis to Revelation with ease of reading and understanding that children are fascinated to hear.

I have a copy of the 1947 revised edition of the Egermeier's Bible Story Book (with exactly the same title), which was my mother's. This one is a later edition, but has been heavily re-edited to the point where it is not the same book. Individual stories are significantly shortened and the depth and richness of story-telling from the original is gone. What you get in return is not necessarily bad. Stories are shorter and easier to read, and they've added a nice maps section; but if you're looking for the original, this isn't it. I wish that the description had mentioned something about this. We ended up returning it since we already have other Bible story books at this level. The original text is available on an ebook for \$1.99 called "Stories from the Bible Complete Text", but is not complete. So if you're looking for the original, it is evidently no longer in print and must be obtained used.

I had an old book but it was falling apart. I use this book when I write curriculum for Sunday school. Very good to tell the Bible stories and extra things that other Bible story books don't say.

I had this book growing up. It's geared towards older children and teens. I bought two, one for a 14 year old and one for a 70 year old woman who doesn't know the Bible at all. I loved it. It puts the Bible in chronological order and it's a fun, fascinating read.

Great condition on the used book that I purchased. I love this Bible Story book! It has so many stories from the bible and is so easy to understand but still interesting enough for older kids!
