Stan and Jan Berenstain introduced the first Berenstain Bear books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Though Stan died in 2005, and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

As I stated for another review I have 3 daughters and have purchased these books since our first daughter who is now 18. I have always taught them to watch what they say. Don't talk about people behind their backs. Never say anything that you are not able to tell someone to their face. I wanted this book for my 2nd daughter who is 4 to help set this message in place. Hopefully when our 3rd is of age she too will benefit from this message. Did I mention that my 18 year old read all six books that came...she approved lol.

The Bernstein bears gossip gang book is only ok. When they are at the dinner table it gets very cheesy, it also gets cheesy at the end of the book when the girls are saying sorry.

This is a cute book. I have a 21 year old and a 6 year old....I have tons of BB books from when my 21 year old was little...and my 6 year old enjoys them so much! This has a great lesson....we talk about someone and think it's funny, then when we hear someone talking about us, our feelings get hurt...so we shouldn't talk about other people because we don't want to be talked about. Great book!

This was fun to read. It has a good lesson to remember. I would recommend it to anyone who enjoys Berenstain Bears.~Ellie age 8

Guess what? The bears gossip, the cubs learn a lesson, and all is well in the end. My kids love this stuff.If only we could get the grown ups in this world to read it, we'd live in a better place.Really.

Very well written!

Great morals and values being taught in this story! My girls and I enjoyed reading the book and then discussing its contents. Great lessons were learned.

Love Berenstain books.
