Customer Reviews

Love the large print and quality paper. HOWEVER, the spiral is covered by the front and back covers connecting over it. This means that if you fold the pages you have already done back, the book does not lie perfectly flat. I fixed that by cutting the covering up the center and trimming both edges to within 1/8" of the spiral spine.

My eyes aren't as sharp as they used to be - with Patrick Blindauer's Large Print Sudoku series, I can continue with my favorite relaxation activity.

This is a wonderful selection of puzzles in a large format. I purchased this book for my mother who is legally blind with macular degeneration. This book and others in it's series are the perfect size and boldness for her to make out. Wonderful!

A little hard to hold onto, but love this large print version. I can see the puzzles so much better.

Almost too big. Not as difficult as expected.

My sole complaint is that the puzzles seem to be more difficult than they are rated. I can usually do moderately difficult sudoku, but in this book I can barely do the one and two star puzzles. So I wasted money on all the 2 and 3 stars that I won't be doing!

Prompt service. Love doing Sudoku.

Good book. Love the format - spiral makes it so easy and large print great.
