Customer Reviews

"Step 1: Buy this book. Step 2: There is no second step." Farah Miller, editor Huffington Post Parents "If Vienna's CTFD had been available four years ago, the money I could have saved on antacid and Grecian Formula would easily fund my daughter's first year of college." — Dave Engledow, author of World's Best Father "David Vienna is a singular voice of reason amidst the obnoxious echo chamber of parenting philosophies and self-help guru-dom. His humor will persuade you to let your guard down, and his honesty in the face of one of life's greatest challenges raising children will have you feeling sane again." — Charlie Capen, creator HowToBeADad.com "We've become a nation of risk-averse, safety-obsessed, Purell-loving freaks, and David Vienna thinks it's time that we all just calmed the f*ck down. Hilarious, helpful and most importantly the antidote to the age of over-parenting." — Melissa Sher, creator of Mammalingo.com "I've been trying to calm the f*ck down since the minute I found out I was

pregnant with my first baby. Literally. Like, I'm medicated for it now so I'm mostly okay, but this book is like yoga for my obsessed-mother mind. I feel so Zen after reading it! And I also got a great ab workout from all the laughs. I think it should be required reading for all parents. Heck, can it just be required reading for everyone? Because I think parents and non-parents alike could use a little CTFD when it comes to dealing with kids." — Jill Krause, author of Baby Rabies

David Vienna is a father of twin boys, a former journalist and spent a few years writing for reality television. That one really awesome episode of House Hunters yeah, that was his. He covers parenting issues at TheDaddyComplex.com and other questionable sites, and has also spoken at the Dad 2.0 Summit. His work also appears in exquisitely crafted drunken emails to his friends from high school. He loves E.L.O., 70s horror films, Philly cheesesteaks and napping.

I bought this for my son who is having his first child! Although he loves to read I have a hard time getting him to read anything I want him to read but when I purchased this book he read it from front to back without putting it down. He said it was totally hilarious and very informative and helped make him more relaxed about having a baby.

I got this for my daughter. She's had kids before but her husband has not. I asked her how she liked it and she said she thinks it's more for people that have never had kids before. It's full of advise and she found it funny.

Great gift for first-time parents...and so much of it is really, really true and fun.

This has calmed my nerves and anxiety about parenting so much! Best book about parenting ever!

Gave this as a baby shower gift for the Dad. Was a HUGE hit!

Great seller, product and price!

The hit of the baby shower!

So.funny. I read the toddler sections at the end and I dont even have a toddler. Just kept reading cuz it was so funny and enjoyable!
